REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the known prior art does not teach or suggest all of the limitations of instant claim 16, in particular, the Cartesian robotic system disposed in the upper chamber and configured to direct a pick-up device in horizontal and vertical direction only (i.e., no rotation), and the upper chamber in selective communication with the external world only by an input/output drawer. The closest prior art is to Cachelin et al. (US Patent Pub. 2008/0213080) and Malin (US Patent Pub. No. 2008/0231152). However, these references were filed after the effective filing date of the instant invention and therefore not applicable. The other prior art made of record herewith and not relied upon is considered pertinent to Applicant's disclosure as general background information related to Applicant's field of endeavor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to P. Kathryn Wright whose telephone number is (571)272-2374. The examiner can normally be reached on Monday thru Thursday, 9 AM to 6 PM, EST.
